

CIPDCAM720

Wireless Cloud IP Camera

Connect the IP camera to a wireless network to access live images via the cloud from anywhere in the world via a PC, notebook or mobile device. Infrared LEDs offer premium night viewing of up to 10 metres, along with a high resolution lens providing crystal clear images at a viewing angle of 60 degrees. Motion detection features trigger an alarm or email alerts to the user, providing exceptional levels of security for the home or office.

Highlights

- > 1/4" Progressive CMOS, 1280*720 HD
- > Built-in Infrared LEDs for night viewing
- > Supports motion detection and event notification via e-mail or FTP
- > Wireless security with WEP, WPA and WPA2 encryption
- > Supports iPhone/smartphone/PDA remote viewing over the Internet
- > Free 64-channel monitoring software included
