Hairdryer

ThermoProtect

ThermoProtect

2300 W

HP8238/10

4 x more ions for ultimate shiny hair

Protect your hair while enjoying fast drying results. This dryer includes ThermoProtect for fast drying at a constant, caring temperature and 4 times more ions for the ultimate shiny result.

Easy to use

- Easy storage hook for convenient storage
- 1.8 m power cord

Beautifully styled hair

- Ultra-narrow concentrator for perfect brushing
- Six flexible speed and temperature settings for full control
- Cool Shot sets your style
- DC Motor and 2300 W power
- Asymmetric diffuser for volume and natural curls

Less hair damage

- 4 x ionic conditioning for smooth, shiny and frizz-free hair
- ThermoProtect protects your hair against overheating

Highlights

Frizz free and shine

Give your hair an intensive boost with ionic conditioning. This hairdryer emits 4 times more negatively charged ions than other hairdryers. The result is the ultimate shiny, frizz-free hair. Let it shine!

Accurate control

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Powerful

This Philips ThermoProtect hairdryer creates 2300 W for a fast and powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

11 mm ultra-narrow concentrator

Perfect styling results and a shiny, polished look with an ultra-narrow concentrator for precise styling.

1.8 m cord

Convenient to use thanks to the 1.8-m power cord length.

ThermoProtect anti-overheating

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results while caring for your hair.

Volume and curls

The diffuser has a unique asymmetric design that is contoured to the head, making it easier and more intuitive to use. The diffuser spreads the flow of air across the hair, drying hair more healthy, boosting volume and reducing frizz while the addition of massage helps stimulate the scalp and improve hair vitality.

Easy storage hook

A rubberised hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.
