

HP 255 G4 Notebook PC

Proven performance. Affordably priced.

Work confidently on the durable HP 255 Notebook PC. It's equipped for business and ready for the road, with Windows 8.1¹ and impressively powerful AMD APUs.² Enjoy this value-priced PC loaded with essential multimedia tools.

- Windows 8.1¹
- Screen Size: 39,6 cm (15.6") diagonal

Durable mobile design

- Rest assured that the HP 255 can keep up with assignments on the run. The durable chassis protects the notebook so it looks as professional as you do.

Efficient and cost effective

- Enjoy the intuitive Windows 8.1¹ experience and help boost productivity with the robust performance of cost effective and energy-efficient AMD APUs.²

Extras that polish the experience

- HP, a world leader in PCs and touch technology helps equip you with a fully functional notebook ready to connect to all your peripherals³ and designed to fit the needs of business.

Featuring

- HP Touchpoint Manager with Always On Remote Management⁶ offers customers simple tools and services from a single cloud-based solution for managing data and security.
- The optional SuperMulti DVD+/-RW drive³ helps create crystal clear color, picture, and sound clarity from DVDs for work or play.
- Make the most of virtual conferencing.⁴ Bring work to life through immersive surround sound with deep, rich bass and crystal clear dialog using DTS Studio Sound™ software.
- Back-up and quickly move data to and from your HP 255 with the fast and convenient SD card slot.
- Make better use of your workspace. HP ePrint makes wireless printing simple, no need for drivers.⁵

HP 255 G4 Notebook PC

Messaging Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.

² This system requires a 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Multi-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. AMD's model numbering is not a measurement of clock speed.

³ Sold separately or as an optional feature.

⁴ Requires an internet connection.

⁵ Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting).

⁶ HP Touchpoint Manager supports Android™, iOS and Windows operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see www.hp.com/touchpoint for availability information. Touchpoint Manager requires purchase of a subscription. The remote wipe of Self Encrypting Drives that have hardware encryption active is not supported.

Technical specifications disclaimers

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>

² This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

⁵ Multi-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. AMD's numbering is not a measurement of clock speed.

⁶ For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 8.1/10) of system disk is reserved for the system recovery software.

⁷ Double-layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with single-layer DVD drives and players. This drive cannot read or write to 2.6 GB single-sided/5.2 GB double-sided version 1.0 media. Don't copy copy-right protected materials.

¹¹ HDMI cable sold separately.

¹² HD content required to view HD images.

¹⁴ Internet access required.

¹⁵ McAfee includes 30 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter.

¹⁷ EPEAT® registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net> for registration status by country.
