- High-quality Bluetooth 4.0

Make life more convenient

- Compact multi-way folding for easy carrying and storage

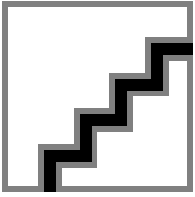

- Convenient hands-free calling with mic and Bluetooth® 4.0
- Multi-point plays music and calls on two devices at once
- Rechargeable battery offers up to 16 hours of wireless music
- Simple NFC one-tap pairing
- Responsive and user-friendly smart touch controls
- Talk without removing your headphones with Talk Mode
- Activate Siri and Google Now with a press-on earcan button

PHILIPS

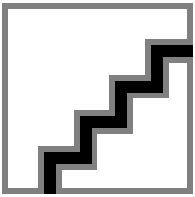

Features

High-resolution audio

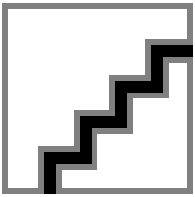

High-Resolution Audio offers the best in audio performance, reproducing original studio master recordings more faithfully than 16-bit/44.1-kHz CD formats. This uncompromising quality makes High-Resolution Audio the best sound companion for the music lover. These headphones meet the stringent standards required for the Hi-Res Audio stamp of quality.

40 mm high-definition drivers

Finely tuned 40 mm neodymium drivers combined with a closed-back acoustic system design and over-ear sealing provide an excellent and impressive precision sound.

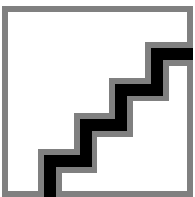

Compact multi-way folding

A compact multi-way foldable construction is ideal for an on-the-go companion.

Hands-free calls

Multi-point

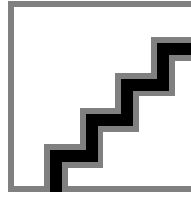

Multi-point allows you to connect your Philips Bluetooth headphones with two Bluetooth-enabled devices simultaneously. Simply pair up the two devices to enjoy movies and music while effortlessly taking calls in between.

Rechargeable battery

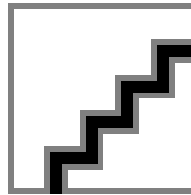

Enjoy 16 hours of continuous music playback even with Bluetooth and active noise-cancelling on, 28 hours when only Bluetooth is on and 33 hours when only ANC is on.

Simple NFC pairing

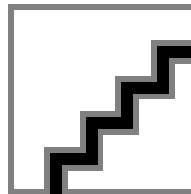

Simple NFC pairing lets you connect your Bluetooth® headphones with any Bluetooth-enabled device – with just a single touch.

Smart touch controls

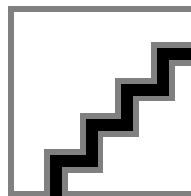

Smart touch controls on the right earshell allow control of your music and calls with a tap or a swipe. Tap to play or pause music and to answer calls; swipe sideways to change tracks; and swipe up or down to adjust the volume. It's time to forget about hunting for buttons.

Soft ergonomic cushions

ActiveShield Pro™

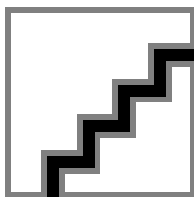

ActiveShield Pro™ hybrid active noise-cancelling technology features four microphones. Two feed-backward microphones are used for cancelling low frequencies while feed-forward microphones extend the bandwidth of noise cancellation into mid and high frequencies. This combination ensures cancellation over a wide frequency range and a greater degree of optimisation in any environment.

Talk mode

Works with Siri/Google Now

Compatible with Siri and Google Now, the latest Philips Bluetooth headphones make using your virtual assistant even easier. All you need is a press on the earcan button to activate Siri on iPhone or Google Now on Android devices.

Bluetooth 4.0

Enjoy high quality wireless sound with Bluetooth 4.0.
