Original replacement kit for the Philips Performer Compact range. The kit contains 3 dust bags, 1 air freshener and the motor and exhaust filters which need to be replaced once a year.

### Philips Original accessories

- s-bag® Classic Long Performance original dust bags
- Super Clean Air filter with 99% filtration
- Motor inlet filter (foam)
- Lemon scent (s-fresh®) for a pleasant exhaust air

**PHILIPS**

## Replacement Kit

3x dust bags (s-bag® CLP) 1x Super Clean Air filter, 1x motor inlet filter, 1x Lemon scent (s-fresh®)

# Highlights

### s-bag® Classic Long Performance

The kit contains 3 x s-bag® Classic Long Performance original dust bags. This original Philips dust bag has been developed to provide long lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.

### Super Clean Air exhaust filter

The Super Clean Air filter captures the finest dust before the air is blown out of the vacuum cleaner, for a dust-free home and clean, healthy air. The filter should be replaced once a year.

### Motor inlet filter

The kit contains 1 x motor inlet filter (foam). This filter prevents fine dust from reaching the motor and damaging it. The filter should be replaced once a year.

### Lemon scent (s-fresh®)

The kit contains 1 x s-fresh® air freshener. The granules can be placed in the dust bag, and they will freshen and perfume the air while you are vacuuming.
