

HP LaserJet Pro 550-sheet Feeder Tray (D9P29A)

Those who want to add input capacity and media flexibility to their HP LaserJet printer

With added input capacity of 550-sheets and media flexibility, this accessory supports greater productivity and less printer management. Have different print media ready in the printer when you need it, and print up to 900-pages without reloading.

[Increase input capacity](#)

Reduce trips to the printer to reload paper with this paper input accessory. This 550-sheet input tray enables loading full reams of paper before the tray is empty. Print more pages without having to reload paper.

[Reduce user intervention](#)

Manage your business, not your printer. Save time by refilling your paper trays less often. Add this 550-sheet paper tray, for a total input capacity of 900-sheets, and print for longer without reloading paper.

[Increase productivity](#)

Added input capacity increases uptime. Individuals and small workteams will enjoy greater productivity and smoother workflow without having to manage paper resources.
