

# HP ProDesk 600 G1 Desktop Mini PC

The desktop has evolved. Packed with integrated business-class performance and security, this is HP's smallest business desktop yet. Efficiently crafted to save space and energy, the HP Desktop Mini will fit almost any work space.

## HP recommends Windows.

### Big power. Space saving design.

Smaller than some desk phones, this Desktop Mini can fit almost anywhere vertically or horizontally. The clean, easily serviceable design with integrated wireless antenna allows flexible deployment options<sup>1</sup> to help optimize the workspace.

Be up to 35% more productive<sup>2</sup> by adding up to three independent displays<sup>3</sup> using the integrated DisplayPort with Multi-Stream video outputs.

Set up the HP ProDesk 600 G1 Desktop Mini in almost any spot or easily attach to several optional peripheral devices using the integrated VESA mount.

The HP ProDesk 600 Desktop Mini G1 withstands 115,000 hours of the HP Total Test Process so you get confidence built right in.

Easily service the HP ProDesk 600 G1 Desktop Mini. A single thumb screw provides fast access to clearly identifiable and serviceable components.

### Full ProDesk functionality.

Keep productivity high and downtime low with HP BIOSphere firmware-level automation. Your PCs have extra protection thanks to automatic updates and security checks.<sup>4</sup>

Power through your day with speed and performance. Get the latest in processing technology with your choice of 4th generation Intel® Core™ processors.<sup>5</sup>

Take advantage of new drive technology with an optional M.2 PCIe solid state hard drive module, the internal 2.5" SSD, or dual drive configurations for more local storage.

Make the most of virtual conferencing. Bring work to life through rich sound and video using DTS Studio Sound Audio software.<sup>6</sup>

Put in more face time. You're ready for web chats and conferences with Skype™ pre-configured on your HP ProDesk 600. It's almost as good as being there.<sup>6,7</sup>

### Solid security.

HP BIOSphere boosts security and keeps mission-critical data and systems under lock and key with customizable authentication and BIOS-level passwords.<sup>4</sup>

HP Secure Erase® removes the contents of a hard drive for repurposing or reassignment.

Get extra protection with secured storage and ensured platform integrity thanks to the Trusted Platform Module security chip used by the BIOS and the Operating System.

Keep sensitive information in safe hands. HP Trust Circles helps protect your data by ensuring that only assigned contacts can access critical files.<sup>9</sup>

### Green with envy.

The low energy consumption levels of this ENERGY STAR® qualified and EPEAT® Gold<sup>10</sup> certified PC supports 24/7 operations. Consuming less than 8W of power at idle your Desktop Mini can be always on and always updated.

HP ProDesk 600 G1 Desktop Mini PC

HP recommends Windows.

Form Factor	Mini
Operating System	Windows 8.1 Pro 64 <sup>1</sup> Windows 8.1 64 <sup>1</sup> Windows 7 Ultimate 64 <sup>2</sup> Windows 7 Ultimate 32 <sup>2</sup> Windows 7 Professional 64 <sup>2</sup> Windows 7 Professional 32 <sup>2</sup> Windows 7 Professional 64 (available through downgrade rights from Windows 8.1 Pro) <sup>3</sup> Windows 7 Professional 32 (available through downgrade rights from Windows 8.1 Pro) <sup>3</sup> Windows 7 Home Premium 64 <sup>2</sup> Windows 7 Home Premium 32 <sup>2</sup> SUSE Linux Enterprise Desktop 11 FreeDOS

## Footnotes

<sup>1</sup> Sold separately or as an optional feature.; <sup>2</sup> "Observed Productivity, Efficiency and User Satisfaction when Using Multiple or Large Displays," Koala LLC Ergonomics Consulting, November 6, 2012.; <sup>3</sup> Support for multiple monitors requires displays that support DisplayPort with multi-stream that can be daisy chained together. Monitors and cables sold separately.; <sup>4</sup> HP BIOSphere features may vary depending on the PC platform & configuration.; <sup>5</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.; <sup>6</sup> Internet access required.; <sup>7</sup> Webcam required for video conferencing.; <sup>8</sup> For the methods outlined in the National Institute of Standards and Technology Special Publication 800-88.; <sup>9</sup> HP Trust Circles Standard, when included, allows up to 5 Trust Circles with up to 5 contacts in each Trust Circle. Optional Trust Circles Professional required for unrestricted number of Trust Circles and members contacts. Trust Circles Reader is available to allow a contact to participate in an invited Trust Circle. Requires Windows.; <sup>10</sup> EPEAT® Gold registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.

## Technical specifications disclaimers

<sup>1</sup> Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8.1 functionality. See <http://www.microsoft.com>.; <sup>2</sup> Not all features are available in all editions of Windows 7. This system may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows-7/> for details.; <sup>3</sup> This system is preinstalled with Windows 7 Pro software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.; <sup>4</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.; <sup>5</sup> Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.; <sup>6</sup> For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16GB (for Windows 7) and up to 30GB (for Windows 8) of system disk is reserved for system recovery software.; <sup>7</sup> Intel Centrino Advanced-N 6205 is an optional or add-on feature and requires separately purchased wireless access point and internet service. Availability of public wireless access points limited.; <sup>8</sup> HD content required to view HD images.; <sup>9</sup> Integrated Intel HD graphics uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.; <sup>10</sup> Optional or add-on feature.; <sup>11</sup> Computrace agent is shipped turned off, and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to five years. Service is limited, check with Absolute for availability outside the U.S.; <sup>12</sup> Drive Encryption requires Windows. Data is protected prior to Drive Encryption login. Turning the PC off or into hibernate logs out of Drive Encryption and prevents data access.; <sup>13</sup> Disk Sanitizer available via download.; <sup>14</sup> Secure Erase is for the methods outlined in the National Institute of Standards and Technology Special Publication 800-88.; <sup>15</sup> ePrint requires an Internet connection to HP web-enabled printer and HP ePrint account registration, see [www.hp.com/go/mobileprinting](http://www.hp.com/go/mobileprinting) for complete details.; <sup>16</sup> HP PageLift requires Windows 7 or higher edition.; <sup>17</sup> HP Support Assistant requires Windows 7 or later edition and internet access.; <sup>18</sup> Intel® Identity Protect security requires separate Symantec VIP software service subscription and must be activated and configured. Requires a website that uses Symantec VIP Authentication Service. Requires Microsoft® Windows and a system with vPro or any Ultrabook™. Intel® and HP assume no liability for lost or stolen data and/or systems or any other damages resulting therefrom.; <sup>19</sup> Low halogen: External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
