

Philips

Wrist BPM with Bluetooth® Smart

- Measures blood pressure
- Measures heart rate
- With Philips health app

DL8765/01

Connected blood pressure tracking

With Philips HealthSuite health app

The Philips wrist blood pressure monitor allows you to measure your blood pressure and heart rate. Syncs automatically to the Philips HealthSuite health app so you can conveniently track your measurements over time.

Benefits

Comfortable and easy to use

- Portable wrist unit to measure your blood pressure anywhere
- Large backlit screen clearly shows your measurement results
- No batteries required: rechargeable using USB cable
- Allows two different users to monitor and track their readings

Measure and monitor

- Measures systolic and diastolic pressure and heart rate

Features

Easy-to-carry

Easy-to-carry portable wrist unit allows you to monitor your blood pressure and heart rate anywhere

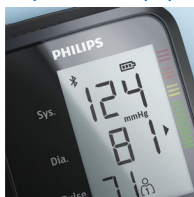

- Classifies your measurement according to the WHO system

Personalised tracking in the Philips health app

- Transfers your readings automatically to the health app
- Track your blood pressure levels via the Philips health app

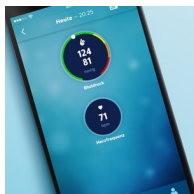

PHILIPS

Easy-to-read display

Large backlit screen clearly shows your measurement results.

Measure and monitor

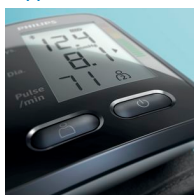

Measures systolic and diastolic pressure and heart rate

Rechargeable

No batteries required: rechargeable using USB cable

Supports 2 users

Allows 2 different users to measure their blood pressure levels and heart rate, and monitor changes over time in the Philips health app.

Blood pressure classification

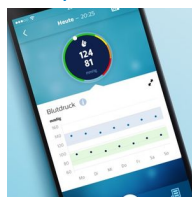

Instantly shows how your measurement compares to the internationally recognised classifications for normal home blood pressure by World Health Organisation (WHO) and International Society for Hypertension (ISH).

Syncs with Philips health app

Supports transfer of your data to the Philips HealthSuite Health app via Bluetooth® Smart. Works with: - iPhone®: Version iOS8+ , iPhone® 4S and newer. - Android: Android 4.4 KitKat+.

Track your results over time

Shows your blood pressure and heart rate measurements through an easy-to-use dashboard on the Philips HealthSuite health app, so you can monitor changes in your blood pressure and heart rate over time

Design

Colour	Black
Device dimensions	85 x 67 x 19 mm
Display	LCD display, white backlight
Display dimensions	47 x 29 mm
Net. Weight	100 g

Ease of use

Can be used as stand-alone	Yes
Auto sync data	Yes
Blood pressure classification	Yes
Irregular heartbeat detector	Yes
Measure during inflation	Yes
LCD display	Yes
Supports 2 users	Yes

Accessories

Cuff	Yes
------	-----

USB charger	Yes
Wrist blood pressure monitor	Yes

Power

Adapter type	5 V/1 A USB charger
Battery life	20 days*
Battery Type	Rechargeable li-polymer batt.
Charging time	± 2 hrs

Service

2-year guarantee	Yes
------------------	-----

Syncing

Data transfer technology	Bluetooth® Smart
Phone compatibility	iOS8+ (iPhone®4S+)/Android4.4+

Technical

Measurement pressure	5.3 kPa–30.7 kPa (40–230 mmHg)
----------------------	--------------------------------

Heart rate accuracy $\pm 5\%$ of result on display
Pulse value measurement range 40–199 heart beats/minute
Rated cuff pressure 0 kPa–40 kPa (0 mmHg–300 mmHg)
Cuff size of the upper arm 13.5–21.5 cm

Pressure accuracy 5–40 °C within ± 0.4 kPa (3 mmHg)
Operating environment Atmospheric pressure: 86–106 KPa
Relative humidity: < 85%RH
Temperature: 5 °C to 40 °C

** Based on start with fully charged battery and three measurements per day
