- Shaping brush for easy shiny styles

- 1.8 m power cord
- Three flexible settings for more control
- Compact design for easy handling
- Easy storage hook for convenient storage

##### Easy to use

**PHILIPS**

## Features

### 1.8 m cord

### Three flexible settings

The speed and heat required can be easily adjusted to create the perfect end result. Three flexible settings ensure precise and tailored styling.

### 38mm thermo brush

The thermo brush has an extra wide diameter of 38mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

### 650W

This airstyler has a low level 650W heater for gentle yet effective drying and styling.

### Compact design

Compact and ergonomic, this styler benefits from a clever modern design. This results in a styler that is light and easy to handle yet small enough to store virtually anywhere.

### Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

### Narrow concentrator

The concentrator works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a style.
