Marketing

Extended retailer text	Transferring data was never as fast as with the 4 port USB 3.0 hub. Where the 2.0 USB hubs most of the time take hours to copy, the 3.0 USB hub sends data 10x faster (5GB p/sec) between your USB-connected devices and PC. It comes in a compact, stylish design and does not need any additional power connection. Therefore the hub gives you 3 additional USB ports in a portable tool.
	Fast data transfer
	In multiple ways the 4 port USB 3.0 hub will make your office life a bit easier! First of all, because of the 5GB p/sec transferring speed, your big data files will be transferred from your USB-connected devices to your hard drives in the blink of an eye. One USB ports will become four, giving you no need to unplug any of your already connected devices.

Portable tool for on-the-go

Use the 4 port USB 3.0 hub wherever you go. Because of its compact design, it perfectly fits any laptop bag, making it the perfect tool to take with you. And where it does not need any additional power supply, you can transfer any data any time any place.
