

#### Wireless noise cancelling headphones

- 32mm drivers/closed-back
- On-ear
- Soft ear cushions
- Compact folding

SHB8750NC/27

## More sound, less noise

wirelessly

No wires, no noise and no compromise. Immerse yourself in music with advanced ActiveShield™ active noise canceling technology. Connect wirelessly with NFC one-tap pairing, enjoy music and manage calls with smart control on earpads.

#### Benefits

##### Art of Noise Cancellation

- ActiveShield™ noise canceling reduces noise by up to 97%

##### Clear & natural sound

- 32mm neodymium speaker drivers deliver precision sound
- Soft ergonomic cushions for long wearing comfort
- High quality Bluetooth 4.0

##### Make life more convenient

- Compact folding for easy carrying and storage

- Extra audio cable means music can continue without power
- Convenient hands-free calling with mic and Bluetooth® 4.0
- Multi-point plays music and calls on two devices at once
- Rechargeable battery offers up to 16 hours of wireless music
- Simple NFC one-tap pairing
- Control calls, music and volume with earshell switches
- Activate Siri and Google Now with a press on earcan button

# PHILIPS

Features

32mm high definition drivers

Finely tuned 32mm neodymium drivers combined with a closed-back acoustic system design and on-ear sealing provide an excellent and impressive precision sound.

ActiveShield™

ActiveShield™ active noise canceling technology features two feed-backward microphones used for canceling low frequencies. It detects ambient noise and inverting the sound wave, effectively cancelling it out and converting background noise to silence.

Compact folding

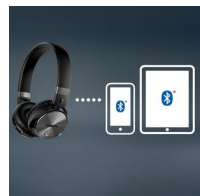

The compact foldable construction makes it the perfect on-the-go companion.

Extra audio cable included

Unlike most noise cancellation headphones, the headphones work with or without battery to consistently deliver excellent audio in any environment. If the battery runs out, simply plug in the audio cable and continue enjoying your favorite music.

Handsfree calls

Multi-point

Multi-point allows you to connect your Philips Bluetooth headphones with two Bluetooth-enabled devices simultaneously. Simply pair up the two devices to enjoy movies and music while effortlessly taking calls in between.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Sound

Frequency range	10 - 22 000Hz	Maximum power input	30 mW
Impedance	16 Ohm	Sensitivity	105 dB
Magnet type	Neodymium	Speaker diameter	32 mm

Rechargeable battery

Enjoy 16 hours of continuous music playback even with Bluetooth and Active Noise Canceling on, 28 hours when only Bluetooth is on and 33 hours when only ANC is on.

Simple NFC pairing

Simple NFC pairing lets you connect your Bluetooth® headphones with any Bluetooth-enabled device – with just a single touch.

Button controls

Button controls at the right earshell enable you to control music and calls with a press.

Soft ergonomic cushions

Works with Siri/Google Now

Compatible with Siri and Google Now, the latest Philips Bluetooth headphones make using your virtual assistant even easier. All you need is a press on the earcan button to activate Siri on iPhone or Google Now on Android devices.

Bluetooth 4.0

Enjoy high quality wireless sound with Bluetooth 4.0.
