Extended retailer text	The USB-C to 4 classic USB-A Ports Hub enables you to connect all your old USB accessories with Type-A connector to your brand new MacBook 2015 or any other laptop that only features a Type-C connection. No need to buy a new mouse, external hard drive or card reader. The hub is plug and play, meaning you can simply plug in the device and it works. No need for additional power or software. On top of this it is lightweight and easy to carry along. The hub features USB 3.1 gen 1, meaning it allows data transfers at a speed of up to 5 Gbps (10x faster than USB 2.0).
