Full HD Slim LED TV

With Digital Crystal Clear

The right TV for every home. Philips 4300 series Full HD LED TV with Digital Crystal Clear picture engine, HDMI and USB connectivity gives you the greatest TV viewing experience and convenience.

Benefits

Functional elegance
• Open stand design creates a light, floating effect
• Ultra Narrow bezel gives you more picture to love

A clear, vivid picture every time
• Digital Crystal Clear: precision you'll want to share
• 100Hz PMR for sharp moving images

Television viewing at your convenience
• Two HDMI inputs and Easylink for integrated connectivity
• USB for multimedia playback

Features

Ultra narrow bezel
Traditional TVs have a bezel that wraps around the TV like a picture frame. Our Ultra Narrow bezel is modern and thin, so you have more picture to enjoy.

Digital Crystal Clear
For natural looking pictures from any source, Philips created Digital Crystal Clear. Because whether you indulge in your favorite soap, the news, or have friends over to watch a video—you'll enjoy it all in optimal contrast, color and sharpness.

PHILIPS

100Hz Perfect Motion Rate

Perfect Motion Rate combines Philips display technology and advanced video processing techniques to improve the quality of each picture frame. So whether you like gaming, fast paced sporting events or action films, you'll experience the ultimate in sharpness and smooth moving images.

Two HDMI inputs with Easylink

Avoid cable clutter with a single HDMI cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen. Together with Philips Easylink, you'll need only one remote control to perform most operations on your TV, DVD, Blu-ray, set top box or home theatre system.

USB (photos, music, video)

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.
