SenseVision

Product Name
USB 3.0 Ultra Smart Docking Station

Product Series
SenseVision

Itemcode
CSV-3242HDA

EAN code
8719214470029

UPC code
841615100118

Description:

The Club 3D USB 3.0 Ultra Smart Docking Station is the best solution for expanding the connectivity ports on your Laptop or Ultrabook, allowing it to be used as a traditional desktop PC. The USB 3.0 interface supports up to 5 Gbps bandwidth, which enables you to enjoy super speed data transmission between your favorite USB peripherals and allows for two external monitors, one via HDMI™ plus one via DVI-D or VGA, a wired network connection as well as audio and micropone out-puts. All it needs is a free USB 3.0 port on your Laptop or Ultrabook to connect to the Ultra Smart Docking station via a single USB cable.

Connections:

From the single USB 3.0 uplink the Club 3D Ultra Smart Docking Station offers a complete range of output connections: 5 x USB 3.0, Card-reader for (Micro) SD, Gigabit Ethernet port, DVI-D or VGA + HDMI™ ports , Audio and Microphone.

Design:

The Club3D Ultra Smart Docking Station has a convenient and slim Bar Design. The sturdy, brushed aluminium casing makes it crush resistant, high temperature resistant and gives it a premium look and feel. The compact design makes it easy to transport and to place on your desk. The rubber bands keep it in place when you position your device on it.

Features:

- Aluminium Bar Design
- Supports dual screen setup, one via HDMI™plus one via DVI-D or VGA
- Slim size 372(L) x 49(W) x 24(H) mm
