Proven nebulizer technology

Our SideStream nebulizer is specially designed to keep your treatment times as short as possible. As the InnoSpire Deluxe pushes air through the tube, additional air is drawn in through the top of the nebulizer to create a fast flow of aerosol medication for you to inhale. Treatments can be complete in under 5 minutes.\* SideStream is designed to withstand frequent and repeated use and will continue to efficiently deliver your nebulizer medication until it is time for replacement.
