

IMPORTANT SAFETY INSTRUCTIONS

When using an electric appliance, basic precautions should always be followed, including the following:

Read all instructions before using this appliance.

DANGER

To reduce the risk of electric shock:

1. Do not reach for a charging stand while plugged in that has fallen into water. Unplug immediately.
2. Power plug and the accessories connected to it are not for immersion or for use in shower.
3. Do not use an extension cord with this appliance.
4. Do not place or store charging stand where it can fall or be pulled into a tub or sink. Do not place or drop a charging stand into water or other liquid while plugged in.
5. Always unplug the charging stand from the electrical outlet immediately after use, except when groomer is (re)charging.
6. Unplug and remove power supply cord from charging stand before cleaning.

WARNING

To reduce the risk of burns, fire, electric shock or injury to persons:

1. Close supervision is necessary when this groomer/charging stand is used by, on, or near children or invalids.
2. Use this groomer/charging stand for its intended household use as described in this manual. Do not use attachments not recommended by Philips Electronics North America Corporation.
3. This appliance is only intended for shaving and trimming body parts below the neckline. Do not use it to shave or trim facial or scalp hair.
4. Never operate this groomer/charging stand if it has a damaged cord or charging plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. For assistance call 1-800-243-3050.
5. Keep the groomer, charging stand, cord and charging plug away from heated surfaces.
6. Never drop or insert any object into any opening.
7. Do not use the adapter in or near a power outlet that contains an electric air freshener to prevent damage to the adapter.
8. Never operate the groomer with the air openings blocked or while on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
9. Do not operate, charge or plug in groomer outdoors or where aerosol (spray) products are being used or where oxygen is being administered.
10. Always check foil, cutters, and trimmers before using the groomer. Do not use the groomer if foil, cutters or trimmers are damaged, as injury may occur.
11. Always attach plug to charging stand first, then charging plug into outlet. To disconnect, remove charging plug from outlet.
12. Use only the cord and charging stand provided to charge and (re)charge the groomer.
13. If the appliance is subjected to a major change in temperature, pressure or humidity, let the appliance acclimatize for 30 minutes before using.
14. Never put the groomer/charging stand in direct sunlight or store at a temperature above 140°F/60°C.
15. Groomer is water-safe and can be rinsed under running tap water or used in shower. Do not submerge groomer in water.
16. To prevent possible damage to the cord, do not wrap cord around the charging stand. Do not store in a damp environment.
17. Do not attempt to open the appliance to replace the battery.
18. Only use the power plug and other accessories supplied with the groomer.

SAVE THESE INSTRUCTIONS

IMPORTANT: The power plug contains a transformer. Do not cut off the power plug to replace it with another plug, as this will cause a hazardous condition.

Registration

Congratulations on your purchase and welcome to Philips Norelco!

To fully benefit from the support that Philips Norelco offers, register your product at www.norelco.com/register

Create Your Own Look

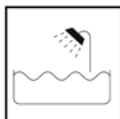

Your new Philips Norelco Bodygroom system offers you a safe, gentle and quick way to trim and shave every body part below the neckline. This unique combination allows you to create your own look safely and with less irritation. The trimming unit gives you multiple trimming combs to choose from so you can control the exact hair length you desire or use the shaving unit to completely shave off body hair. Use wet or dry, your Bodygroom system with self-sharpening blades will give you a precise trim and shave anywhere, every time.

Like many new products, your Philips Norelco Bodygroom may take a little getting used to. If you are shaving sensitive areas for the first time, your skin may need time to adapt. Give yourself some time to acquaint yourself with your new Bodygroom. If you are still not convinced, Philips Norelco will refund you the full purchase price as long as the request is received within 45 days of purchase.

Stick with it! If you alternate trimming or shaving methods during the adjustment period it may make it more difficult to adapt to the Philips Norelco Bodygroom system.

Features

- A Trimming Comb 1 (1/8 inch/3mm)
 - B Trimming Comb 2 (3/16 inch/5mm)
 - C Trimming Comb 3 (9/32 inch/7mm)
 - D Shaving Head
 - E On/Off Button
 - F Battery Status Indicator
 - G Adapter
 - H Cleaning Brush
 - I Charging Stand
 - J Comb Size Indicator
 - K Back Shaving Attachment
- Full Two-Year Warranty
45-Day Money-Back Guarantee

This symbol indicates that the groomer can be used in the bath or shower.

Battery Status Indicator

- ▶ The Battery Status Indicator on the Groomer will flash green to indicate Groomer is (re)charging.
- ▶ After approximately 8 hours the Battery Status Indicator lights up continuously to indicate the Groomer is fully charged.
- ▶ After Groomer is fully charged, the Battery Status Indicator goes out after 30 minutes to save energy.

Before First Use

- ▶ Charge the Groomer before you start using it (see 'Charging'). Make sure the Groomer is switched off before you start charging it.
- ▶ Before using, check foil, cutters, trimmers and combs for wear or damage. If foil, cutters, trimmers or combs show signs of wear or damage, do not use Groomer as injury may occur. Do not use Groomer until foil, cutters, trimmers or combs have been replaced.

Important

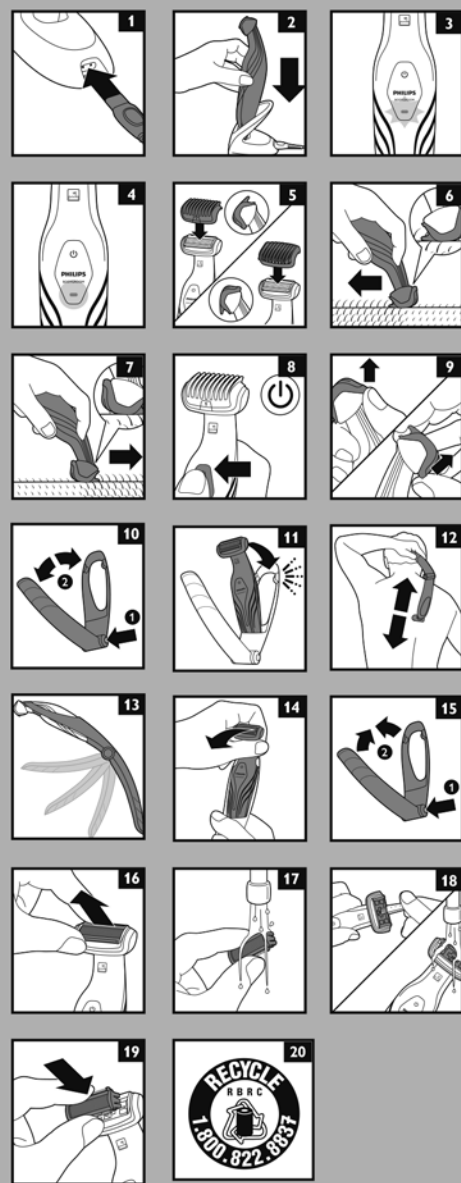

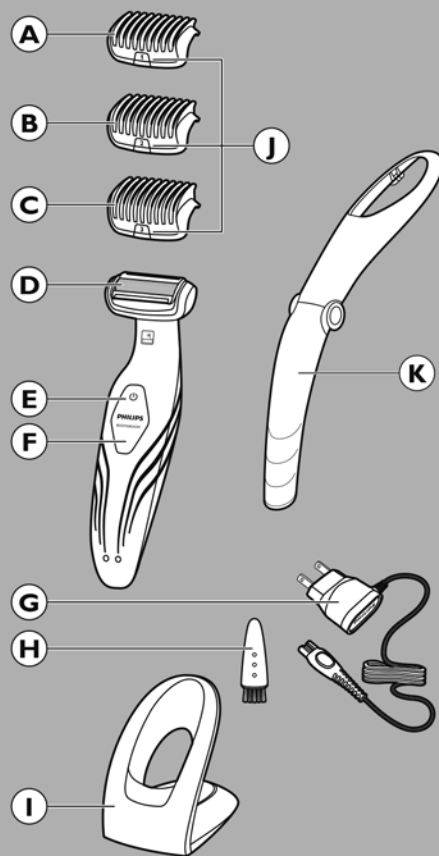

- ▶ Only use the power cord provided to charge the Groomer.

Charging

- ▶ Charging requires 8 hours.
- ▶ Use only the power cord and charging stand provided.
- ▶ Battery performance is best if you recharge only when the batteries are completely empty.
- ▶ Charging, recharging or storing at temperatures below 40°F/4,5°C or higher than 95°F/35°C adversely affects lifetime of batteries.
- ▶ The Groomer can only be charged in the charging stand.

- 1 Be certain Groomer is OFF.
- 2 Connect power cord to charging stand (Fig. 1).
- 3 Plug the adaptor into any 120V AC outlet. Use only the power cord provided.
- 4 An adaptor plug may be necessary for power cord usage in some foreign countries. Use an attachment plug adaptor of the proper configuration for the power outlet.
- 4 Put the Groomer in the charging stand (Fig. 2). Make sure the charging contacts on front side of the Groomer fit into the charging stand correctly. When placed correctly, the Battery Status Indicator will flash green to indicate the Groomer is (re)charging (Fig. 3).
- 5 A fully charged Groomer has a cordless grooming time of up to 50 minutes.

Features

- 6 When the battery is fully charged, the Battery Status Indicator lights up green continuously (Fig. 4).
- 7 Disconnect the power cord and unplug from the electrical outlet.

Optimize The Working Life of The Battery

- ▶ After Groomer has been charged for the first time, do not recharge Groomer between grooming sessions. Continue using it until the battery is completely empty.
- ▶ Discharge the battery completely twice a year by letting the motor run until it stops.
- ▶ Do not keep plug permanently plugged in.

Recharging

- 1 Recharge when the Battery Status Indicator flashes orange. This indicates there is approximately 10 minutes of operating time left. If the Battery Status Indicator flashes orange quickly, the battery is completely empty. Charge the Groomer before using.
- 2 When Groomer is fully charged, disconnect the charging plug from outlet.

Trimming

- Use this Groomer for its intended household use as described in this manual.
- The Groomer comes with 3 trimming combs to cut hair to 3 different lengths.
- If you are trimming for the first time, be careful. Do not move the Groomer too fast. Make smooth and gentle movements.
- Practice trimming with the trimming comb 3 first to prevent accidentally trimming hairs too short.
- Trimming is easier and more effective when skin and hair are dry.

- 1 Snap the desired trimming comb onto Groomer. Make sure the teeth of the comb point in the direction you will move the appliance (Fig. 5).

– When you move the Groomer towards you, the teeth should point toward you (Fig. 6).

– When you move the Groomer away from you, the teeth should point away from you (Fig. 7).

Trimming Length Setting Table

- The comb size (1, 2 or 3) is indicated on the back of each comb.

- 2 Turn Groomer ON by pressing the on/off button (Fig. 8).

Trimming Comb	Hair length after trimming
1	1/8 in. / 3 mm
2	3/16 in. / 5 mm
3	9/32 in. / 7 mm

- 3 Move Groomer against the direction of hair growth making sure the tips of the comb point in the same direction as you are moving the Groomer. Always make smooth and gentle movements and be sure the surface of the comb always stays in contact with your skin.

NOTE: Since all hairs do not grow in the same direction, you may want to try different trimming positions (i.e. upwards, downwards, or across). Practice is best for optimum results.

- 4 Turn Groomer OFF by pressing the on/off button.

Shaving

- Do not use this Groomer to shave or trim facial or scalp hair. The Groomer should only be used on skin below the neckline.
- When shaving sensitive areas for the first time, you may feel some discomfort, irritation or reddening of the skin. This is normal as your skin needs time to adjust to shaving.
- If your hair is longer than 13/32 in. / 10 mm, trim hair using trimmer comb 1 to a length of 1/8 in./3mm first for optimum shaving results.
- For dry use, be certain that your skin is clean and dry before using the Groomer.
- For wet use, you may prepare your skin with lathered soap or shaving foam before using the Groomer.
- Make sure the shaving foil is in complete contact with your skin for the closest shave and minimum foil wear.
- Pressing too hard may cause skin irritations.
- Practice is best for optimum results.

- 1 Remove any trimming comb from Groomer (Fig. 9).

- 2 Turn Groomer ON by pressing the on/off button (Fig. 8).

- 3 Stretch your skin taut with your free hand and gently press Groomer to skin and move it slowly and smoothly against the direction of hair growth. DO NOT press too hard. Too much pressure can distort the foil and cause skin irritation.

TIP: Stretching your skin can help prevent skin irritation.

- 4 Make sure the shaving head is always in full contact with your skin.

- 5 Turn Groomer OFF by pressing the on/off button (Fig. 8).

Shaving with the back shaving attachment

- 1 Press the release button (1) and open the back shaving attachment (2) (Fig. 10).

- 2 Place the Groomer in the lower part of the holder of the back shaving attachment.

- 3 Press the top against the top part of the holder until it locks into place with a click (Fig. 11).

- 4 Turn Groomer ON and shave your back by moving the back shaving attachment up and down by the handle (Fig. 12).

Note: The back shaving attachment handle can be folded to different angles (Fig. 13).

- 5 Remove the Groomer from the back shaving attachment by pulling the top of the Groomer toward you until it releases from the holder (Fig. 14).

- 6 Press the release button (1) and push the handle against the holder (2) to close the back shaving attachment (Fig. 15).

Cleaning

- The Groomer should be cleaned after each use.
- Always switch Groomer OFF and remove power cord from charging stand and outlet before cleaning.
- Do not use compressed air, abrasive cleaning agents, scourers or aggressive liquids such as gasoline, alcohol or acetone to clean the appliance.
- Never clean, remove or replace shaving head assembly while motor is on.
- Do not apply pressure to shaving head. Do not touch foil with hard objects as this may dent or damage foil or cutters. If damage occurs, replace damaged parts.
- Do not use Groomer if foil, cutters, trimmers or combs are damaged or broken as injury may occur.
- Only use the cleaning brush supplied. Any other brush may cause damage.

Cleaning the shaving unit

- 1 Always switch Groomer OFF, remove the power cord from outlet and charging stand before cleaning.

- 2 Remove any trimming comb from Groomer (Fig. 9).

- 3 Remove the shaving head by pulling it off the appliance (Fig. 16). Hold the shaving head by the plastic housing only.

- 4 Rinse the shaving head under warm running tap water to rinse away debris (Fig. 17). Do not use the cleaning brush to clean the shaving head as this may cause damage to the foil or cutters.

- 5 Clean the hair chamber with the cleaning brush. You may also rinse the hair chamber under warm running tap water to remove any residual debris (Fig. 18).

- 6 Do not use a towel or cloth to dry shaving foil or cutters as this may cause damage; allow to air dry thoroughly.

- 7 Reattach the shaving head by snapping it back onto the Groomer (Fig. 19).

- 8 Rinse the Groomer body and back shaving attachment under running warm tap water. Wipe dry with a soft clean towel or cloth.

Replacing the Shaving Head

- If the shaving foil and cutters are worn or damaged, do not continue using the Groomer. Replace the shaving foil and cutters immediately.
- It is recommended that you replace your shaving foil and cutters once a year.
- A worn or damaged shaving foil or cutters should only be replaced with an original Philips Norelco shaving head, model BG2000, which is available on the Philips Norelco website, www.philips.com/support or call 1-800-243-3050 for assistance.
- The foil is a precision part. Handle with care.

- 1 Always switch Groomer OFF and remove Groomer from the charging stand before replacing shaving head.

- 2 Remove the shaving head by pulling it off the appliance (Fig. 16).

- 3 Place the new shaving head on the Groomer by snapping it into place (Fig. 19). You will hear a "click".

After replacing the shaving head, check that the shaving head is firmly attached before using Groomer.

This Groomer has no other user-serviceable parts. For assistance call 1-800-243-3050.

Storage

- Be sure Groomer is turned off. Remove power cord from outlet and charging stand before storing in a safe, dry location where it will not be crushed, banged, or subject to damage.
- Do not wrap power cord around Groomer/charging stand when storing.
- Store cord in a safe location where it will not be cut or damaged.
- Do not place or store Groomer/charging stand where it can fall or be pulled into a tub or sink, water or other liquid while plugged in.

Disposal

- This Philips Norelco Groomer contains Nickel Metal Hydride rechargeable batteries which must be disposed of properly (Fig. 20).
- Contact your local town or city officials for battery disposal information or call 1-800-8-BATTERY or www.rbr.com for drop-off locations.
- For assistance, call toll free: 1-800-243-3050 or visit our website, www.philips.com/support.

Assistance

For assistance, visit our website:

www.philips.com/support or call 1-800-243-3050

45-DAY MONEY-BACK GUARANTEE

If you are not fully satisfied with your Philips Norelco Groomer send the product back and we'll refund you the full purchase price.

The Groomer must be shipped prepaid by insured mail, insurance prepaid, have the original sales receipt, indicating purchase price and date of purchase, and the money-back guarantee return authorization form enclosed. We cannot be responsible for lost mail.

The Groomer must be postmarked no later than 45 days after the date of purchase. Philips Norelco reserves the right to verify the purchase price of the product and limit refunds not to exceed suggested retail price.

To obtain money-back guarantee return authorization form, call 1-800-243-3050 for assistance.

Delivery of refund check will occur 6–8 weeks AFTER receipt of returned product.

Full Two-Year Warranty

Philips Electronics North America Corporation warrants each new Philips Norelco product, Model BG2034 (except foil, cutters and combs) against defects in materials or workmanship for a period of two years from the date of purchase, and agrees to repair or replace any defective product without charge.

IMPORTANT: This warranty does not cover damage resulting from accident, misuse or abuse, lack of reasonable care, the affixing of any attachment not provided with the product or loss of parts or subjecting the product to any but the specified voltage.*

NO RESPONSIBILITY IS ASSUMED FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

In order to obtain warranty service, simply go to www.philips.com/norelco or call 1-800-243-3050 for assistance. It is suggested that for your protection you return shipments of product by insured mail, insurance prepaid. Damage occurring during shipment is not covered by this warranty. **NOTE:** No other warranty, written or oral, is authorized by Philips Electronics North America Corporation. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion and limitations may not apply to you. *Read enclosed instructions carefully.
