Maintaining your radiant smile is easier than ever

Professional take-home whitening treatment

For a lasting healthy, whiter smile between treatments. Philips Zoom DayWhite Touch-ups helps you preserve the results of your whitening treatment. Long-lasting healthy, white teeth? Who could ask for more?

Professional-quality results

- A formula designed for you
- Experiencing sensitivity?

Highlights

A formula designed for you
We've taken our same superior formulas and redesigned them to fit the needs of every patient. Whether you want a gentle treatment or maximum shades fast, we've got a custom-fit solution for you. With a customizable option for every smile and superior formulas developed to minimize sensitivity and improve whitening luster, it's no wonder Philips Zoom is the No.1 patient-requested professional whitening brand in the U.S.

Experiencing sensitivity?
For ongoing take-home sensitivity treatment, replace your existing toothpaste with a toothpaste containing 5% potassium nitrate and use twice daily. If additional sensitivity relief is needed, use Relief ACP before each whitening treatment.
