Highlights

DualMotion Technology

The unique combination of rotation and vibration cleans up to 10x better* than hands. While the vibration gently breaks up oil, dirt and dead skin cells, the rotation effectively sweeps impurities away.

Superior reach

The 17,000 power bristles each with a diameter of 75 micron clean even those areas of your face, that your hands can't reach. They remove oil, dirt and dead skin cells thoroughly, leaving your skin clean and smooth.

Gentle massage

The coordinated movements of the bristles massage your skin gently and increase micro-circulation. This gives you a comfortable cleansing experience and a radiant skin.

Close and comfortable shave

In combination with your preferred cleansing gel or foam, Philips VisaPure MEN softens your skin and hair, preparing you for a closer and more comfortable shave.

Soft and comfortable beard

In combination with your preferred cleansing gel or foam, Philips VisaPure MEN cleans thoroughly in and under your beard without tugging, leaving you with clean, soft and comfortable beard.

Fits into your daily routine

You can easily fit the VisaPure MEN into your daily routine: Use it in the morning for a clean, fresh start to the day or use it at night to wipe away the dirt of the day!

Simple 1 minute cleansing

Following these 3 simple steps, you can get a deep facial cleansing in only 1 minute: 1. Moisten your face and the brush with water and apply your preferred face wash, 2. Cleanse both cheeks and your forehead for 20 seconds each, using long strokes, 3. Rinse your face and brush with water.

Waterproof

Philips VisaPure MEN Essential is waterproof and can easily be used in the shower and cleaned under the tap.
