

Mini Hi-Fi System

- Bluetooth®

FX10/12

Powerful music wirelessly

Stream music wirelessly over Bluetooth from any smart device. A dual amplifier offers better sound quality and 230W RMS total output power gives music a solid punch.

Benefits

Multiple source MP3 music

- Stream music wirelessly via Bluetooth™ from your smartphone
- Compatible with MP3-CD
- Enjoy MP3 music directly from your portable USB devices
- Audio-in for portable music playback

Powerful sound you can hear and feel

- Dual amplifier for better sound performance

- MAX Sound for instant power boost

Convenient and easy to use

- Connection for TV or DVD player
- Digital tuning with preset stations for extra convenience

PHILIPS

Features

Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can easily enjoy your favourite music, sound from video or game wirelessly on this speaker.

Enjoy MP3 music directly

MAX Sound

MAX Sound technology produces an instant boost in the bass, maximising volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting the bass and volume to maximum levels, without distortion. The end result is a noticeable amplification of both sound spectrum and volume and a powerful audio boost that will add mileage to any music.
