WHY LG IPS?
Vivid colors from any angle, color calibrated by experts

The LG IPS Monitor ensures an awesome picture quality that provides clear images and vivid colors from any angle. Color Calibration tests were conducted before the monitors are handed over to consumers. LG's IPS Monitor provides accurate color for your viewing pleasure.

DESIGN

Infinity Display | Sleek Cut Design | ArcLine Stand

Infinity Display

The Infinity Display provides a borderless visual experience for 4-side of the display for an all-inclusive view.

*The Infinity Display is applied only on MP88

Sleek Cut Design

The Sleek Cut design, the remarkable reduction of depth with body frame, adds sophisticated ambience for your place.

*The Sleek Cut Design is applied only on 19.5/23.8/27" MP48 & All MP58

ArcLine Stand

The coexistence of smoothness and solidness in the curved structure. The beauty of ArcLine is the icing on the cake.

*The ArcLine Stand is applied only on MP88 & MP68 & MP58

Enjoy Outstanding Color Expression
with Color Accuracy

IPS

Color Calibrated

sRGB OVER 99%

The LG IPS monitor guarantees vivid picture quality which have proven an accurate color due to low color shift compared to VA by Intertek.* Its realistic color expression is ensured with sRGB over 99% of the color space and color calibration is tested before the monitors are delivered to the customer in both the MP88 and MP68 series.

Intertek *Intertek : Intertek is an independent testing laboratory and tested color accuracy of IPS monitor.   *Only the MP88 series features sRGB over 99%
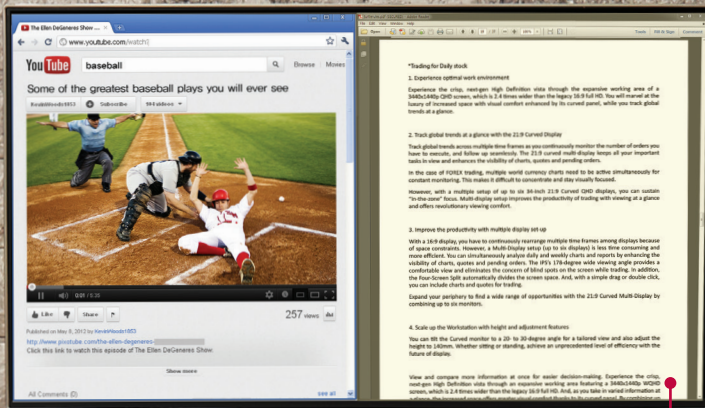

Flicker Safe

Did you know that your eyes are affected by flickers on the monitor while you may not have seen them?

LG obtained TUV "flicker free" certification (MP88/68/58)

Protect Your Eyes and View in Comfort
with Flicker Safe & Reader Mode

Flicker Safe   Reader Mode

Over time, working, gaming and movie viewing can cause eye strain and fatigue. But, Flicker Safe and Reader Mode help maximize visual comfort by protecting your eyes from harmful blue light and reducing the flicker level to almost zero.
