

## PS205U Dual USB Power Station

Power and charge multiple devices in a convenient all-in-one table top charger.

The CyberPower PS205U Dual USB Power Station is perfect for a desk, end table or nightstand where you need easy access to charging power.

The PS205U features 2 outlets, 2 USB ports (2.1A), and built-in device cradle. The grounded three-prong power outlets safely provide power to netbooks and laptops' chargers without having to access inconvenient or hidden wall outlets. Two powerful 2.1 amp USB ports allow for power hungry tablets and smartphones to charge fast. The PS205U offers a heavy-duty 5 ft. power cord for extra durability. The space saving low profile cord plug fits tightly behind furniture.

A One-Year Warranty ensures that this product has passed our highest quality standards in design, assembly, material and workmanship.

### Typical Applications

- Tablets
- Laptops
- Smartphones

### Features

- Compact Table Top Design
- (2) USB 2.1Amp Charging Ports
- (2) 120Vac Grounded Outlet
