S24E650PL

23.6" desktop monitor

Can a monitor deliver superior picture quality affordably? That's what the Samsung SE650 Series desktop monitor lineup is all about. Take the Samsung S24E650PL. It's a budget-friendly monitor that utilizes Samsung's PLS panel technology to deliver outstanding picture quality, as well as wide 178° viewing angles. The monitor features approximately 30% recycled material, less than 0.005W Off Mode power consumption, built-in speakers, and the fully adjustable stand keeps users more comfortable, focused and productive. Rounding out the features are VGA, HDMI and DisplayPort connections, VESA mount compatibility, a matte black bezel with clearly labeled buttons, built-in speakers and a 3-year warranty. The Samsung S24E650PL. Business value has never looked better.

Key features

Environmentally friendly

Industry-leading features include approximately 30% recycled material, less than 0.005W Off Mode power consumption, Eco features to reduce power consumption when monitor is in use, and fully recyclable packaging.

Impressive picture quality

The LED-backlit LCD screen delivers sharp, bright, beautiful images. Mega infinity dynamic contrast ratio ensures subtle detail even in the lights and darks, and MagicAngle technology delivers improved color even when viewed off-angle.

Slim design that fits any desk

The sleek, stylish design and low-profile stand take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also contributes to a clutter-free work environment.

Ergonomic, adjustable stand

The monitor swivels, tilts, pivots and is height-adjustable, for greater user comfort. And since the monitor is VESA compatible, installation on a wall or separate mounting arm is easy.

Built-in speakers

Integrated speakers mean no external sound system is needed. Audio In and Headphones Out provide further listening options. And the S24E650PL is speaker bar ready. The Samsung SPU10 (sold separately) is designed to be attached seamlessly to the back of compatible Samsung monitors. It adds rich stereo sound without taking up an inch of desk space.

Fast, easy connectivity

VGA, HDMI 1.4, DVI (with included HDMI to DVI cable) and DisplayPort 1.2 give users flexibility in high-speed connectivity. Whatever devices users need to connect to today or in the future, the S24E650PL keeps everyone's options open.

Easy on the eyes

When Eye Saver Mode is active, blue light levels are lowered, for reduced eye strain during long work hours. Flicker-free technology adds further viewing comfort by eliminating flickering at all levels of brightness.
