

Speaker System

- 1000 W
- NX

NTX400/12

The ultimate sound tower

Party like at the club with up to 1000W power and thumping bass boosted by NX Bass technology. Start playing wirelessly from Bluetooth compatible devices, MP3 CD, USB and other devices through audio in.

Benefits

Designed to party

- 260K LED lights for great party atmosphere

Engineered for powerful sound

- NX bass button for instant sound boost and light effects
- 1000W RMS total output power

Enjoy your music from multiple sources

- Enjoy MP3 music directly from your portable USB devices
- Stream music via Bluetooth®
- Pair with your NFC enabled device with one touch
- Rip music from CDs onto a USB device

Features

260K LED lights

Add the ultimate atmosphere, ambience and passion to any party, with thousands of coloured lights that flicker, flash and flow in time with your

music. Easily choose light colours to match your theme, or just pick one of the system's many presets. Flick the NX bass button to make the light show even more intense.

PHILIPS

NX bass button

Available throughout the range, NX bass temporarily boosts bass and volume to the extreme. Hit the NX bass button to instantly juice up your sound, make lighting effects go wild and feel the immense bass of the subwoofers thundering through your bones.

Stream music via Bluetooth®

If you've got a big music collection stored away on a smartphone, tablet or computer, stream it to a NITRO system using digital Bluetooth® wireless music streaming and make it sound incredible. Powerful sound is rarely this easy or this convenient.

Easy NFC pairing

Pair with any NFC enabled device effortlessly. Gone is complicated wireless headphone pairing. Our new NFC technology is user friendly and easy to use, with one touch pairing for any NFC enabled smart device.
