

Philips SmartPro Compact  
Robot vacuum cleaner

#### TriActive XL nozzle

6 cm slim design  
4 wheels system  
110 min runtime

FC8774/01

## Full performance. Smart cleaning.

Thorough clean, now 2 times faster\*

The Philips SmartPro Compact robot vacuum cleaner cleans for you, now 2 times faster due to the TriActive XL nozzle with extra-large width. Thanks to the Smart Detection System, the robot optimizes the cleaning strategy to clean your home

#### Thorough cleaning performance

- TriActive XL nozzle with extra-large nozzle width
- 4 cleaning styles to adapt to rooms
- 2 extra-long brushes for corner cleaning

#### Cleans where others can't reach

- 6 cm slim design to clean under low spaces
- 4-wheels system to easily cross over thresholds

#### Cleans on its own

- Smart Detection System adapts cleaning to any environment
- Infrared sensors to avoid bumping into obstacles
- Powerful Li-Ion battery 110 min operating time
- Ability to schedule cleaning 24 hours in advance
- Automatically returns to dock to recharge
- Remote to control the robot from a distance

**PHILIPS**

# Highlights

## TriActive XL nozzle

TriActive XL nozzle offers you efficient and thorough cleaning performance, now 2 times faster due to: 1. Extra-wide nozzle covers twice as much floor area in one stroke. 2. The three suction inlets collect dust from front and both sides. 3. The flexible strip collects any dust left behind.

## 4 cleaning styles

Thanks to the 4 cleaning styles, your robot is able to choose an effective and efficient strategy to clean your room.

## 2 extra-long brushes

Thanks to the 2 extra-long brushes, your robot swipes dirt and dust from corners and plinths, and cleans where other robots cannot reach.

## Slim design

With its slim design at only 6 cm of height, your robot can easily reach under low spaces and remove the dust accumulated under your furniture.

## 4-wheels drive system

The new SmartPro Compact with TriActive XL nozzle has 4 wheels drive system, compared to traditional robots with 2 wheels.

The 4-wheels drive helps your robot to cross over thresholds easily.

## Smart Detection System

The new robot vacuum cleaner is equipped with the Smart Detection System, a combination of smart chips, gyroscope and accelerometer, that makes the robot efficient to clean on its own. The Robot understands the environment and chooses an optimal cleaning strategy to clean your home as quickly as possible. The robot does not get jammed and returns to its docking station when necessary.

## Infrared sensors

The new Philips robot vacuum cleaner is equipped with 6 infrared sensors for detecting and avoiding obstacles such as walls, lamps or cables, so your floors are cleaned carefully. Finally, you can enjoy clean house without your interference.

## Powerful Li-Ion battery

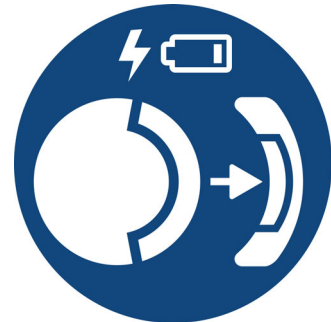

The powerful Lithium-Ion battery has a longer lifetime and a shorter charging time than standard batteries. The new robot vacuum cleaner runs up to 110 min.

## Scheduling function

The new robot vacuum cleaner offers a 24 hour scheduling function, so you can program your next cleaning session 24 hours in advance.

## Auto-return to docking station

When the battery of the Philips robot vacuum cleaner is almost empty, it will automatically go to the docking station to charge itself, so it will get ready for its next cleaning session. When the battery of the Philips robot vacuum cleaner is almost empty, it will automatically go to the docking station to charge itself, so it will get ready for its next cleaning session.

## Remote control

The remote control allows you to control the Robotic Vacuum cleaner from a distance and perform several actions. You can tell the robot to start and stop, guide it to any direction, change the cleaning path or ask the robot to go back to the docking station.

# Specifications

## Performance

- Battery type: Li-Ion
- Battery voltage: 12.8 V
- Charging time: 4 hour(s)
- Runtime: 110 minute(s)
- Sound power level: 58 dB

## Usability

- Dust full indicator
- 24-hour scheduling
- Dust sensor
- Floor types: Hard floors
- Smart detection system: 19 sensors
- Threshold climbing: 18 mm
- Cleaning modes: 4

## Design

- Design features: Stairs detector
- Color: Denim blue

## Filtration

- Dust capacity: 0.30 L
- Filter: Permanent washable

## Nozzles and accessories

- Accessories included: AC power adaptor, Side brushes
- Standard nozzle: TriActive XL nozzle
- Other accessories: 1 x Filter, Remote control, Docking station

## Sustainability

- Stand-by power consumption: 0.62 W

## Weight and dimensions

- Dimensions of product (LxWxH): 60.1 x 330 mm
- Weight of product: 1.73 kg
