

Venue 10 Pro 5000 Series

Versatile & personalized learning experience

The Venue™ 10 Pro is designed to adapt to the unique demands of education. With its 10.1" HD display, durable design and high-performing Intel® Atom™ processors your students will be ready to work and learn whether they are on campus or off.

The Venue™ 10 Pro offers a flexible design with 5 different operating positions. Whether it's as a touch enabled tablet without a keyboard, or configured as a notebook with the attached keyboard the Venue™ 10 Pro offers the flexibility of a traditional 2 in 1. In addition you can configure as a tent, stand and slate position leveraging its reversible, attachable keyboard the Venue™ 10 Pro enables your student to optimize their learning experience based upon their unique learning needs.

Manage productivity in the classroom with the network activity light, so that teachers can always make sure students are connected and engaged in the learning process.

Collaboration Capable

With the optimized touch operating system offered by Windows 8.1 and the ability to run the Microsoft Office suite of tools the Venue™ 10 Pro offers touch collaboration and Office productivity from a single device designed with students in mind.

Offering a front facing camera along with dual microphones enabling improved audio and classroom, noise reduction for better collaboration through Skype or Google Hangouts and clearer recordings for classroom projects.

Anytime Learning

The Venue™ 10 Pro has a durable, portable design for easy mobility on and off campus. You will always be ready to go with long battery life designed to last the entire school day. The optional Mobile Computing Cart allows educators to secure and charge up to 30 devices over night, so they are ready for the next school day.

Protect your investment on and off campus with a choice of protective cases for the Venue™ 10 Pro.
