CTS358BK/56

Selfie time anytime

With 8MP cameras on both sides, Philips S358 lets you take a selfie with more possibilities. From now on, capture anything that touches your heart with you being part of the moment. Breathtaking views. Happy gatherings. All in your hands.

Benefits

Extras in life

- Quality shots with 8 megapixel autofocus main camera
- 8 megapixel front camera for self-portraits and video calls

Sensational touch

- 5" HD IPS display

Bright sparks, fast speeds

- Maximized performance with 1.3GHz quad core processor
- Dual mode (WCDMA and GSM), dual coverage
- Android 5.1
- Dual SIM for 2 groups of contacts

Features

8 megapixel AF main camera

Shoot like a pro on the go with the 8 megapixel autofocus main camera on your Philips mobile phone. Capture life's fleeting moments - big or small - in crystal-clear quality and beam them to friends and family with pride. So you won't miss a memorable shot, night or day.

8 megapixel front camera

Bring yourself to the forefront of fun snapshots with the 8 megapixel front camera incorporated into your Philips mobile phone. Besides allowing you to take self-portraits, this front-facing camera feature also means that you can

engage in face-to-face communication with video calls with friends or colleagues.

5" HD IPS display

The IPS technology ensures great viewing from any angle, while the vibrant colors and vivid images render a full-bodied viewing experience. Whether you are showing off your latest snapshots to friends or surfing your favorite websites, the 5" screen gives you an unbeatable visual treat while on the go.

PHILIPS

1.3GHz quad core processor

Your Philips mobile phone now zooms along like never before, thanks to the powerful 1.3GHz quad core processor. This powerhouse keeps up easily with your multitasking demands at a much faster speed. Load web pages with lightning speed, watch uninterrupted videos plus get animations fast-and we mean fast! Gaming is seamless and immersive with exceptional picture quality.

Dual mode (WCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to WCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

Android 5.1

Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

Dual SIM

Organize your life better and keep your contacts separate by using 2 different phone numbers. With Dual SIM, you don't need to carry 2 phones around.
