Highlights

MultiPrecision Blade System

Shave with fewer passes for more comfortable skin. The MultiPrecision Blade system raises and cuts long hairs, flat-lying hairs and short stubble in just a few strokes.

5-direction Flex Heads

Heads independently move in 5 directions to ensure close skin contact for a faster and closer shave, even on neck and jaw line.

Use Wet & Dry

Shave in the shower. Or use with water, foam, or gel for a refreshing, comfortable shave.

SmartClick precision trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

40 minutes of cordless shaving

You'll have 40+ minutes of running time – that's about 13 shaves – on a one-hour charge. This shaver only operates in cordless mode.

1-hour charging time

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut Action. The first blade raises each hair while the second blade comfortably cuts below skin level, for exceptionally smooth results.

LED display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 1-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator

One touch open

Simply pop the heads open, and rinse thoroughly under the tap.
