

150W Power Inverter 12V to 230V

Get 230V AC almost everywhere!

EW3991
8716065271324

OVERVIEW

- 12 Volt DC to 230 Volt AC Power Inverter
- Plugs straight into your cigarette lighter
- Built-in USB charging port for Phone/MP3/Media player
- 150 Watt output power
- Easy installation
- 2-Year warranty
- Accessible helpdesk

SPECIFICATIONS

- 2 YEAR WARRANTY
- Continuous Power: 150W
- Peak Power: 300W
- Input Voltage: DC 12V
- Output Voltage: AC 220-240V
- USB: DC 5V (Max 500mA)
- Sine wave: Modified
- Frequency: 50+/-3Hz
- Cooling fan: 6000 RPM

DESCRIPTION

With 150 Watt power, the Ewent EW3991 12V to 230V Power Inverter is a very high performance power inverter which you can use in many different situations. That makes the 150 Watt inverter a highly appreciated device! With the built-in USB port you can charge almost any USB device you want! Don't worry about the safety of your connected devices. The power inverter has several safety protection tools so all your expensive devices are highly protected.

150 Watt power

The EW3991 delivers 150 Watt continuous power with a peak power of 300 Watt. Many devices can be used with the EW3991 such as a LCD-TV, a media player, a notebook, cool box, pump and many more.

Connect using CLA

Simply connect the EW3991 to the CLA (Cigarette lighter adapter) in your car, start the engine and you have your 230V power. When using a boat or mobile home, simply connect the Ewent inverter to your battery. That makes the EW3991 perfect for a large range of power solutions.

Built-in USB port

Thanks to the very handy USB port, you can also charge almost any USB device. Devices such as a MP3 player, smartphone, navigation system, portable game console, tablet and many more can be charged.

Fitted with intelligent threefold protection system

The power inverter is equipped with an intelligent protection system. The EW3991 has an overload protection, a low voltage protection and a fuse is built in so you never have to worry about the safety of your devices.
