

11.6" Slim Hardshell Work-in Case for Chromebooks/Notebooks

TKC007

Overview

Save time and boost classroom convenience with the 11.6" Slim Work-in Case for Chromebooks and Notebooks. Designed to be slim enough to fit most charging carts, this lightweight case lets you charge the Chromebook while in the case, eliminating the need to separate students' devices from their cases. Its durable polyester and EVA padding offers strong impact protection, while the smart clamshell "work-in" design lets students get to work without removing the Chromebook. More smart features include a transparent ID holder for simple identification, colored zipper pull inserts for easy sorting, and a padded shoulder strap for more comfortable trips around campus.

Features

- Thin and light design fits easily into most classroom charging carts
- Durable polyester and EVA padding boosts impact protection without extra bulk
- Clamshell "work-in" style; just unzip case and get to work
- Transparent ID holder for easy identification
- Removable, padded shoulder strap makes carrying comfortable
- Soft felt lining protects your device against scratches
- Dual-zipper closure with interchangeable colored zipper inserts (red, blue, green)
