

VersaType™ with Power Bank for 9.7-inch iPad Pro™, iPad Air® 2, and iPad Air

THZ701US

Overview

The VersaType™ with Power Bank for 9.7-inch iPad Pro™, iPad Air® 2, and iPad Air adds functionality and protection to your device—while adding little in terms of bulk or weight. The hard shell case houses a power bank capable of powering the keyboard for 1300 hours of use, or providing an emergency phone charge. The case also offers considerable scratch and impact protection when closed, and opens up a world of productivity. The back-lit keyboard is designed to provide a laptop-like typing experience with a full QWERTY layout. The case seamlessly transitions from closed, protective mode, to open laptop mode, to presentation mode to flat, hidden keyboard tablet mode. The specially engineered hinge rotates and pivots to achieve virtually any viewing angle desired. When the case is closed in protective mode, it puts the device to sleep and allows access to all ports.

Features

- Passes military grade 4ft. drop testing (MIL-STD 810G)*
- Power bank delivers over 1200 keyboard hours when fully charged or can be used for phone charging
- Backlit keys make it easy to type in dim light
- Seamless transition between protection mode and 3 viewing modes
- Get laptop-like performance from your iPad
- Properly weighted and balanced to maintain a small footprint with maximum “screen” positioning
