

MPN: HDM1924F

HDMI to DVI-D Adapter

The MicroConnect HDM1924F HDMI to DVI-D adapter allows you to seamlessly connect devices with different display interfaces. This adapter converts an HDMI 19-pin connection to a DVI-D connection, providing a reliable and high-quality signal transfer between your devices. Ideal for connecting older monitors or projectors with DVI ports to modern HDMI sources like laptops, gaming consoles, or Blu-ray players. Benefit from MicroConnect's commitment to quality and ensure a stable, high-resolution connection. As a leading European supplier with over 20 years of experience, MicroConnect delivers pioneering connectivity solutions you can trust, at fair prices. This adapter provides the flexibility you need to bridge the gap between different display technologies.

- Gold plated
