

MPN: FISCST

SC-ST Multimode Duplex Adapter

The MicroConnect FISCST Adapter SC-ST Duplex Multimode provides a reliable and high-quality connection between SC and ST fiber optic connectors. This adapter is designed for duplex multimode applications, ensuring optimal signal transfer with minimal loss. Built to European standards, it guarantees durability and performance in demanding network environments. Its robust construction ensures secure and stable connections, making it ideal for data centers, telecommunications, and other high-bandwidth applications. With over 20 years of expertise, MicroConnect delivers pioneering connectivity solutions, and this adapter is a testament to our commitment to premium quality at fair prices.
