

MPN: VMT105C

PS/2 Cable (5m) M/M

The VMT105C PS/2 Cable, a 5-meter male-to-male cable, provides a reliable connection for your PS/2 compatible keyboard or mouse. This durable cable ensures stable signal transmission, preventing data loss and maintaining optimal performance. Its generous 5-meter length offers flexibility in setup, allowing you to position your peripherals comfortably. Engineered with quality materials and robust construction, this cable is built to last, providing a dependable solution for your connectivity needs. MicroConnect has been a trusted name in connectivity for over 20 years, delivering premium quality cables and accessories at a fair price.
