Specifications

Bulb characteristics
- Shape: Reflector
- Cap/fitting: E27
- Voltage: 230 V
- Dimmable

Power consumption
- Wattage: 9.5 W
- Wattage equivalent: 90 W
- Energy efficiency label: A+

Light characteristics
- Beam angle: 25 degree
- Colour: cool white
- Colour temperature: 4000 K
- Light effect/finish: Cool White
- Colour rendering index (CRI): 80
- Starting time: < 0.5 s
- Rated centre beam intensity: 3850 cd

Durability
- Lifetime of lamp: 40000 hour(s)
- Number of switch cycles: 50000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 40 year(s)

Bulb dimensions
- Height: 93 mm
- Width: 92 mm

Other characteristics
- Power factor: 0.85
- Lamp current: 44 mA

Highlights

25° halogen light beam

With a familiar focused light output, equal in look and feel to Halogen reflectors, this LED reflector light bulb is suitable for both accent lighting and general-purpose lighting.

Cool white light (4000K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

Homogen beam pattern
The Single Optic lens provides a superb light beam without shades compared with traditional halogen spots.
