Highlights

Specifications

Natural latch on

The wide breast shaped nipple promotes a natural latch on similar to the breast. Designed to give a more comfortable and contented feed for your baby.

Soft and smooth silicone

The soft and smooth bite resistant silicone, is developed for your baby's changing needs.

Flexible, anti-collapse design

The petals inside the teat and the ridge design, increase the teat softness and flexibility, guaranteeing no teat collapse for growing babies.

Anti-colic valve technology

Reduces fussing and discomfort by venting air away from baby's tummy.

Baby's changing needs

The Philips Avent Natural bottle is available in 4 sizes and 7 different nipples for every development stage of your baby. With different nipple softness, flexibility and design and with increasing flow rates and bottle sizes that keep up with your baby's growth and development.
