SD60/93

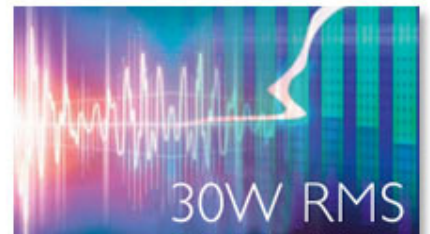

# Highlights

## Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

## 30W RMS total output power

30W RMS total output power

## USB Direct plays music

USB Direct plays music from USB flash drives

## Voice recording

By pressing the recording button and speaking into the microphone connected, voice messages are stored in the external USB/micro SD card.
