

MPN: MMH9740/2GB

## 2GB Memory Module ECC/REG, DDR 3200/400, 184PINS, DIMM

In CoreParts you will find a wide range of alternative RAM modules all using original chip sets, that match the performance of your original RAM modules with different sizes, and capacities, manufactured by high-end, certified and trusted suppliers.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

### Specifications

|                    |                                |              |
|--------------------|--------------------------------|--------------|
| Features           | Backlight                      | No           |
|                    | CAS latency                    | 3            |
|                    | Component for                  | PC/server    |
|                    | ECC                            | Yes          |
|                    | Internal memory                | 2 GB         |
|                    | Internal memory type           | DDR 3200/400 |
|                    | Memory clock speed             | 400 MHz      |
|                    | Memory form factor             | 184PINS DIMM |
|                    | Memory layout (modules x size) | 1 x 2 GB     |
|                    | Memory voltage                 | 2.6 V        |
|                    | Module configuration           | 128M x 4     |
|                    | Product colour                 | Green        |
| Other features     | Capacity                       | 2 GB         |
|                    | Chips organisation             | 128M*4       |
|                    | Number of pins                 | 184          |
| Vendor information | Brand Name                     | CoreParts    |
|                    | Warranty                       | 10 Year(s)   |
