- FiberBoost Technology with up to 50% extra fibre
- Closer to silent
- Just pour in water for quick pre-cleaning
- Pulp naturally falls into one container
- Drip stop for clean kitchen worktop

Highlights

Easy-to-clean sieve

Thanks to the polished sieve it is very easy to clean away leftovers with a kitchen sponge.

Powerful 1100 W motor

Juice the toughest fruits and vegetables effortlessly with the strong 1100 W motor.

XXL feeding tube

Save time and start juicing faster. You no longer need to cut up most fruit and vegetables to fit this juice machine. Just pop it all into the 80 mm XXL feeding tube, and enjoy a boost of nutrition every day.

FiberBoost technology

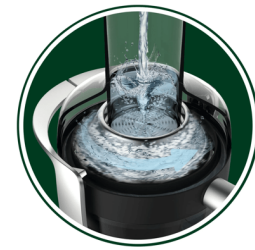

FiberBoost technology enables you to choose the texture of juice you prefer, selecting with the switch of a button, from a refreshing clear juice to a more creamy juice with up to 50% more fibre. The unique combination of smartly controlled constant speeds and the unique sieve design allows you to have more or less fibre in your juice, so that everyone can enjoy their favourite.

Closer to silent

The new motor has lower noise and vibration levels, which make the overall juicing experience closer to silent.

Pre-clean

Philips' unique pre-clean function allows you to quickly rinse clean your juicer between different juices or after juicing. By pouring water into the pusher, you can create a water fountain, rinsing away unwanted leftovers.

Pulp in one place

The round shape, without nooks and crannies, means that leftovers are collected in the pulp container.

Drip stop

The integrated drip stop allows you to stop between juicing sessions, keeping your worktop spotless. Activate the drip stop by simply turning the spout.

Specifications

General Specification

Primary Material: Metal
Pre-programmed settings: 0-1-2
Product Type: Juicer
Non-slip feet: yes
Interface: Rotary knob
Cord length: 1 m
Dishwasher-safe parts: Yes
Jar material: Metal
Blade Material: Metal
Pulse function: /
Detachable blades: No
Warranty: 2
EU declaration of conformity: Yes

Weight and Dimensions

Product Length: 296 mm
Product Width: 250 mm
Product Height: 432 mm
Product Weight: 4626 g
Package Length: 550 mm
Package Width: 320 mm
Package Height: 330 mm
Package Weight: 4.7 kg

Country of Origin

Produced In: China

Technical Specifications

Power: 1100 W
Voltage: 220-240 V
Frequency: 50/60 Hz
Battery Product: No
