- Pulp naturally falls into one container
- Dripstop for clean kitchen counter

Fresh juice at your convenience

- More silent
- XXL feeding tube (80mm)
- Powerful 1200W motor

PHILIPS

Features

FiberBoost technology

FiberBoost technology enables you to choose the texture of juice you prefer, selecting with the switch of a button from a refreshing clear juice to a more creamy juice with up to 50% more fiber. The unique combination of smartly controlled constant speeds with unique sieve design allows more or less fiber in your juice, so that everyone can enjoy their favorite.

Easy to clean sieve

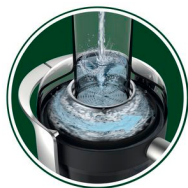

Thanks to the polished sieve it is very easy to clean up away leftovers with a kitchen sponge.

More silent

The new motor has a lower noise and vibration which make the overall juicing experience more silent.

Pre-clean

Philips' unique pre-clean function allows you to quickly rinse clean your juicer between different juices or after juicing. By pouring water into the pusher, you can create a water fountain rinsing away unwanted leftovers.
