

Name: **Couple Speakers Wall Brackets up to 25kg Black**
Manufacturer: **Techly**

ICA-SP SS201 is a pair of ideal wall brackets for loudspeakers up to 25 kg in weight. The special structure allows an inclination of 7.5° upwards and downwards and of 45° to sinistra or right to provide ideal sound conditions. Mounting secures the speakers to 152 mm from the wall. The packaging includes all mounting hardware.
