

Philips Avent
Newborn Glass Starter Set

Natural

SCD291/02

The natural way to start bottle feeding

Glass bottles, nipple and pacifier set

The Philips Avent Natural glass newborn starter set has all you need to start bottle feeding in a natural way. It includes 3 Natural glass bottles in multiple sizes (4oz and 8oz) and a translucent soother.

Air goes into the bottle, not baby's tummy

- Advanced anti-colic system with innovative twin valve

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped nipple

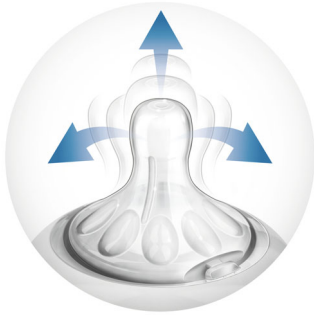

Other benefits

- Unique Petals for a soft, flexible nipple without collapse
- Ergonomic shape for maximum comfort
- Compatible with the Philips Avent Natural range
- Easily read the scale of the glass bottle
- Heat resistance
- Pharmaceutical grade glass
- Simple to use and clean, quick and easy assembly
- These bottles are BPA free*
- Orthodontic pacifier

PHILIPS
AVENT

Highlights

Unique comfort petals

Petals inside the nipple increase softness and flexibility without nipple collapse. Your baby will enjoy a more comfortable and contented feed.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Heat resistance

The Natural glass bottle is heat and thermal shock resistant. It can therefore be safely stored in the fridge, warmed, and is also suitable for sterilization.

Advanced anti-colic valve

Innovative twin valve design reduces colic and discomfort by venting air into the bottle and not baby's tummy.

Compatibility across the range

The new Philips Avent Natural bottle is compatible with the Philips Avent range, excluding Classic bottles and cup handles. We advise to use the Natural bottles with Natural feeding nipples only.

Pharmaceutical grade glass

Fully recyclable, premium quality borosilicate glass to ensure the highest quality for ultimate purity.

Simple to use and clean

Natural latch on

The wide breast shaped nipple promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Easily read the scale

The opening in the Philips Avent glass bottle sleeve, means you can easily read the scale during your baby's feed.

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

These bottles are BPA free*

The new Philips Avent Natural bottles are made of BPA free* material (polypropylene).
