Easy to clean and maintain

- Easy cleaning thanks to the fully removable brewing group
- Auto-cleaning cycle and descaling program
- Delight without hassle: high capacity in a compact design

PHILIPS

Highlights

One touch espresso from beans

You can get a perfectly brewed espresso, or two at once, right in your cup from freshly ground beans by simply pushing a button and waiting a few seconds.

Classic milk frother

The Classic Milk Frother, which baristas also call Pannarello, dispenses steam to help you easily prepare soft milk foam for your cappuccino. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

100% ceramic grinders

Say goodbye to the taste of burned coffee thanks to 100% ceramic grinders that are

designed not to overheat the beans. Ceramic material also ensures long-lasting performance and silent operation.

Adjustable grinding settings

You can adjust the granularity of the grinders at 5 different levels. Choose the finest grinding for a full bodied espresso, all the way up to the coarsest for a lighter coffee, all according to your preferred taste.

Length Memo function

You will always get a perfect cup of coffee brewed to your personal preference thanks to our memo function, which allows you to adjust and save the coffee length in your cup. Enjoy a superb coffee in your favorite cup, all at the touch of a button.

Intuitive user interface

The simple and intuitive user interface, with its large buttons, helps you to easily interact with your machine and get the best performance.

Adjustable coffee spout

No matter the size of your favorite glass or cup, with one movement the coffee spout adjusts so that all the aromas are preserved and your coffee stays perfectly hot, right in your cup. At its highest position the spout can even fit a 5.9 in. (15 cm) latte macchiato glass.
