Full performance

Less energy consumption

The new Philips Performer Expert delivers highest dust pick-up ratings* on all floors thanks to the AirflowMax technology and unique TriActiveMax nozzle, engineered for highest dust pick-up. Great cleaning results, even as the bag fills up!

Outstanding cleaning results

- Energy efficiency class A
- Revolutionary AirflowMax technology for extreme performance
- Energy efficient motor for high-power results
- New 3-in-1 TriActiveMax nozzle maximizes dust pick-up

Scratch-protection for parquet floors

- Super Parquet nozzle removes 3 x more sticky dirt

Ultimate convenience

- 5L dust capacity for longer cleaning
- Variable power setting

Integrated Anti-Allergy system

- Allergy friendly quality tested by ECARF
- HEPA13 with HEPA AirSeal retains more than 99% of dust
- s-bag Ultra Long Performance captures even more fine dust

PHILIPS

Highlights

Energy efficiency class A

This vacuum cleaner is engineered to achieve full performance with an energy efficiency class A.

AirflowMax technology

AirflowMax technology maximizes the airflow, allowing the dustbag to unfold uniformly, so you get high performance, even as the bag fills-up!

High efficiency motor

The high efficiency motor has been optimized to use less energy in order to generate more airflow.

TriActiveMax nozzle

TriActiveMax nozzle with 3-in-1 cleaning actions perfectly seals to the floor to maximize dust pick-up. 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front 3) It sweeps up the dust and dirt closely alongside furniture and walls with its two side brushes.

Super Parquet nozzle

The Super Parquet nozzle allows you really clean hard floors of all kinds in one go, without the risk of harming them. Using the absorption capacity of the micro-fibre pads, together with the suction power of the vacuum cleaner, you achieve maximum result without requiring any detergents or brushes.

5L dust capacity

The specially designed 5L dust chamber allows you to make optimal use of your dust bag, so you can clean for longer.

Power control

The variable power setting allows you to select the optimal level of suction for the different types of surfaces you vacuum.

ECARF certified

This vacuum cleaner with HEPA 13 filtration is certified as Allergy friendly by the European Centre for Allergy Research Foundation. The HEPA 13 filter purifies the exhaust air up to 99,95% of allergens from; cat & dog hairs, dust mites or pollen to support an allergy friendly home environment.
