Freedom of movement
- Gives you the choice to sleep how you want

PHILIPS

Minimal contact nasal mask
Fit pack (4 cushion sz, 1 fr)

HH1121/00

Highlights

Freedom of movement

The exhalation air is released on the top of the head, not directly from the nose area to offer freedom of movement during the night. DreamWear users stated they didn't need to choose a sleep position when wearing DreamWear

Slim-line headgear

DreamWear combines comfort with aesthetics: Not only will you barely feel the mask, it is also subtle and unobtrusive.

Soft fabric wraps

Provides a soft interface to the cheeks

Four-part modular design

Modular design for quick assembly and cleaning, with interchangeable cushions available in four sizes.

Soft, flexible frame

The flexible material through which the air flows is applied gently to the skin and is pleasant to wear.

Supports your sleep therapy

DreamWear combines the advantages of minimal contact masks and nasal masks. It is comfortable and can help a successful start to sleep therapy.

Under-the-nose cushion

Prevents red marks, discomfort or irritation in the nostrils or on the nose bridge. Users rated DreamWear more comfortable than their prescribed mask.

Unobstructed view

It's easy to wear glasses, read, watch TV, and use a computer or tablet before falling asleep.

Innovative minimal nasal mask

Locates tubing attachment at the top of the head to offer freedom of movement during the night
