Highlights

Limited edition hand-crafted

Every minute detail of this machine was designed and crafted to the highest quality. The solid, stainless steel finishing has been hand crafted to ensure the exclusivity of this limited edition. Each piece is unique in itself and is designed to grace any modern or traditional kitchen it finds for years to come.

100% Ceramic grinders

The robust 100% ceramic grinders guarantee a moment of pure coffee indulgence for years to come. The ceramic material creates the ideal grind, which allows the water to flow through steadily, extracting the purest essence of the beans. And unlike other 'regular' grinders, the ceramic material prevents the coffee from overheating and tasting burnt.

Quick Heat Boiler

When time is of the essence, you can brew perfect espresso and cappuccino without the

wait, thanks to the Quick Heat Boiler. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

Specialty coffees at one touch

From, espresso to Lattemacchiato, there is an assortment of options waiting to satisfy your coffee cravings. Whether it's first thing in the morning or an after dinner treat, there's a taste for any time of the day, right at your fingertips.

AquaClean filter

Saeco's new and patented innovation, AquaClean water filter, ensures you make the most out of your full automatic coffee machine. By changing the filter at machine request, you will not need to descale your machine for up to 5000 cups*, while getting the benefit of clear and purified water. As an added benefit, the descaling notification alarm is automatically deactivated once AquaClean is installed in your favourite Saeco coffee machine.

Powder Option

Sometimes it's nice to have the option of a full-bodied, delicious coffee, without the caffeine kick. Thanks to the Powder Option you can make decaffeinated coffee whenever you please.

Auto-cleaning

The automatic cleaning cycle makes it easy to look after, and it increases the machine's longevity – giving you more time to enjoy your coffee instead of cleaning up. And with a warranty of two years, you'll wish every kitchen appliance was this durable and easy to look after.

One-touch Cappuccino and Latte

For an irresistible, creamy foam consistency, the integrated milk carafe froths the milk twice, removing bubbles and impurities. At one press of a button, a splash-free flow of velvety foam pours straight into your cup at a comfortable temperature. The perfect complement to a rich, flavoursome coffee.
