

HP 3005pr USB 3.0 Port Replicator

Everything you need every day, ready with one simple connection. Get online, make up to six of your everyday USB devices immediately available, and expand your productivity with connection to two external displays—all through one USB 3.0 cable.

Universal USB connectivity - no need to reboot when you connect or disconnect!

Two USB 3.0 and four USB 2.0 ports connect to your trusted legacy devices and newest accessories. USB 3.0 offers transfer speeds that are faster than USB 2.0 and is backward-compatible with USB 2.0 so you can continue using your USB 2.0 devices.

Ports include: 4 USB 2.0, Microphone, Headphone, Ethernet, VGA and HDMI

Gigabit Ethernet enables high-speed network connectivity. Headphone and microphone inputs work with headset and microphone capabilities on the connected notebook (if available). Simple setup doesn't require an optical drive.

Security Slot Lock

Enhanced security is provided by a Security Lock Slot that allows you to tether the port replicator to a desk for enhanced security in a cubicle, hot-desking or multi-seat environment.

Compatibility	The HP 3005pr USB 3.0 Port Replicator is compatible with Windows®-based PCs and notebooks with a USB 3.0 port except the HP ElitePad 900 Tablet PC. (For Windows 8 download the driver at: http://h10025.www1.hp.com/ewrf/wc/softwareDownloadIndex?softwareitem=ob-115180-1&cc=us&dlc=en&lc=en&jumpid=reg_r1002_usen_c-001_title_r0001)
