Designed for gamers

The speaker has a rugged design with a pulsating LED illuminated subwoofer: you can now not only hear but also see your in-game sounds of victory! The grill of the subwoofer has a metal look and feel, combine this with the matte black satellite speakers and you get a perfect addition to any gaming set up!

Fundamentals of sound

Using the 120W peak power, the Speaker Set will fill your room with powerful sound. The satellite speakers give an optimal sound quality in the mid and high tones. This combined with the XL wooden subwoofer with 7-inch speaker which produces powerful depth to your sound, ensures you'll have that full-range gaming experience.

Wired control

The handy wired remote control has a large volume knob to easily adjust the volume. In addition, the integrated connectors give you the possibilities to connect your headphones, smartphone or tablet into the remote control. The possibilities are all yours!
