## QUICK START

### HOW TO HOLD THE LITTLE TIKES® Tire Racers™

#### ***DON'T*** HOLD LIKE THIS

DON'T grip the tire so that the outer color stripe is prevented from moving.

#### ***DO*** HOLD LIKE THIS

DO grip the sides of the tire so that the outer color stripe can move freely when revving.

### HOW TO REV THE LITTLE TIKES® Tire Racers™

- Grip the tire as shown under the ***DO*** HOLD LIKE THIS section above.
- Rest the tire on a flat, smooth surface with the outer color stripe touching the surface.
- Push the tire approximately one foot along the flat surface, lift and repeat a total of five times in quick succession to rev it up (increase the turning speed of the color stripe).
- On the fifth and last push double the distance of the rev and release the tire by pushing forward.

#### IMPORTANT NOTES:

- The tire must remain vertical to the surface at all times.
- The faster the tire is spinning when released the farther it will travel.
- The tire can also be played with without revving by simply rolling it up, down and across surfaces of all kinds.
