PHILIPS

Highlights

Ergonomic rubber grip

Ergonomic soft touch handgrip, designed to give a secure and safe grip which allows for easy holding and maneuvering of the hand blender during use.

Potato Masher

Potato masher accessory to prepare delicious homemade potato mash, silky vegetable puree, soft baby food and more

Powerful 700 Watt motor

Powerful and reliable 700W motor that can drive a large variety of accessories to allow processing of almost any ingredient and deliver great results during food preparation.

Single-Button Release System

Simple, quick and easy attachment and detachment of the blending bar and all the accessories with the use of one finger.

SpeedTouch Technology

Intuitive variable speed setting that gives you more power as you squeeze. Start slowly to prevent splashing and smoothly speed up till you reach the required speed for each application and every type of ingredient. Blend, whisk, chop and more at the touch of a button.

Whisk accessory

Single whisk accessory for Philips hand blender for whipping cream, mayonnaise, pan cake batter and more. Makes your hand blender multifunctional and versatile.

XL Chopper

XL chopper with ultra sharp knife, that allows you to process large quantities of meat, herbs, nuts, cheese, chocolate and more in seconds.

ProMix blending technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.
