Description

The PS3612B 12-Outlet Vertical Power Strip is a reliable 120V 1800W power strip that lets you connect up to 12 electrical devices to a single AC wall socket. With a NEMA 5-15P plug and 15-foot AC power cord that reaches distant outlets and provides flexibility in placing the unit, this power strip is ideal for use with appliances, power tools, lighting and other electrical equipment in homes, offices and work sites.

Your components plug into 12 NEMA 5-15R outlets designed to accommodate most AC adapters and transformers. Outlets are spaced 2.638 inches apart from center to center. Resettable 15A circuit breaker protects all outlets against dangerous overloads. Lighted on/off switch provides one-touch control over connected equipment. Switch's clear plastic cover prevents accidental shutdown.

Use the included hardware to mount the PS3612B in a horizontal or vertical position above your workbench, beneath your retail display, behind your desk or near your 19-inch rack enclosure. Its heavy-duty all-metal 36-inch black housing stands up to demanding network, laboratory or factory environments.
